Guyana Legalization Instructions

Corporate and Personal Documents must have an original signature and be attested to by a notary public. Public documents, such as birth and marriage certificates, must be certified copies issued by a government office. Estimates presume that documents are received in good order and in adequate time. Prices and requirements are subject to change without notice. By sending your documents to Perry International, you accept and agree to the terms and conditions listed on our web site's policy page.

Guyana requires a US Department of State Seal before they will legalize a document. The US Department of state requires the Secretary of State seal from the state the notary resides in.

The Secretary of State fee and processing time vary from state to state. Our service charge to obtain the state seal is \$35 per document. If the document is from a state other than Illinois there will be an additional charge of \$40 to get the document to and from the Secretary of State's office.

The US Department of State charges \$8 per document. Guyana charges \$50 per document. Our service charge is \$48 per document per seal for work done in Washington DC . If we obtain both the Department of State and the embassy's seal there will be two \$48 charges per document. There is also a fee of \$25 to Federal Express the document back to you.

Please complete and include our order form with your order. All personal orders must include a credit card number for billing.
